

Grande
Centre Point

April 22, 2010

Dear Tenants,

Re: Grande Centre Point Hotel & Residence Temporary Closed

Under the fragile political situation at Ratchaprasong intersection, Centre Point Management's major concern is your safety and security. As there are high possibilities of riots which might result in violence, turmoil and arson, we unfortunately need to temporarily discontinue our service.

The Hotel will operate until 18.00 hr. Friday 23 April, 2010. Please kindly collect all your valuable assets and documents out of the Hotel as soon as possible. As for other belongings, they can be kept in your room as usual. However, all vehicles parked in the parking lots need to move out of the Hotel as well.

After all the situation resolve, we will immediately contact you. And we will keep you informed.

If you require any further information, please contact Guest Service at your convenience.

Thank you for your great support and kind understanding to this matter.

Best regards,

Centre Point Management
